

**Weld Re-9 – Highland Schools
School Closure Procedure
2023-2024**

The Director of Transportation and Superintendent will drive designated routes starting at 4:30 a.m. and communicate road conditions throughout the district. Additional information may be attained from the Colorado State Patrol, Weld County Road Department and officials from neighboring districts.

A decision to close school will be made no later than 6:00 a.m.

In rare circumstances, school will be held even if some routes are unable to pick up students. In these cases, parents will be notified that their bus is unable to safely complete the route.

In all circumstances, the decision to place a student on the bus belongs to the parent. Weld Re-9 transportation will operate if we believe the buses can complete the route in a safe manner. If a parent disagrees with this decision, they should not allow their student to ride.

Notification

School employees will be notified via the building calling tree or phone application controlled by directors and administrators.

INFINITE CAMPUS MESSENGER WILL BE ACTIVATED

THE DISTRICT WEBSITE IS THE PRIMARY SOURCE OF INFORMATION

WWW.WELDRE9.ORG
